THINKGIS®
EVENT MANAGER

SHARE LIVE VISUAL INDICATORS OF ACTIVITY WITH OTHER THINK GIS® USERS ON THEIR MAPS AND WITH THE PUBLIC

Think GIS® Event Manager brings powerful, map-centric information management tools to your familiar, easy to use Think GIS® environment. This affordable software allows for quick and easy creation of live map markers to represent most any type of acivity. From repair locations to road closures to detours and much, much more. These markers can be viewed on your Think GIS® desktop software, your ThinkGIS.com mobile maps, and on a publicly accessible Web GIS map display. Share information with the public quickly, easily and automatically with Event Manager.
