THINK GIS®

GIS WITH A PURPOSE

GIS Software

LAND
INFORMATION

THE COMPLEX MADE SIMPLE WITH THINK GIS®

- If you can read a deed, you can split a parcel with the Think GIS® Parcel Split Wizard
- Combine parcels just as easily with the user friendly Think GIS® parcel management tools
- Think GIS® automatically assigns new parcel numbers taking into account existing parent and split numbers
- Use Land Use GIS layers to calculate assessed values for single parcels or in bulk for your entire county
- Create and maintain Zoning Districts, TIFF Districts, Subdivisions, Flood Plains, Section Monuments, Legal Drains and more
- Share parcel data, ownership information, assessed value, tax payments, sketches and property record cards on the web

People Friendly GIS Solutions
