

Web Based GIS Application for Sharing Information with the Public

The screenshot shows the Think GIS web application interface. On the left is a sidebar with navigation tabs: General, Payments, Bills, Deductions, Assessments. Below these is the 'Owner and General Parcel Information' section, which includes a 'Property Card' (with a 'Show Property Card' link), 'Tax History Data' (with 'Show Tax History' link), 'Images' (with 'Show Images(4)' link), and 'Sketches' (with 'Show Sketches(1)' link). The main area displays an aerial map of a residential neighborhood with parcel boundaries and addresses. A red arrow points from the 'Property Card' link to a photo of a house labeled 'Picture 1'. Another red arrow points from the 'Sketches' link to a floor plan labeled 'Sketch 1'. A yellow circle highlights a specific parcel on the map, with a tooltip showing its address: '418 COTTONWOOD LN JASPER, IN 47546'. The tooltip also includes links for 'Image', 'Sketches', 'Property Card', and 'More'. The bottom of the map shows street names like 'SECOND ST' and 'ASHBURY CT'.
